

PHYS-4601 Quantum Mechanics II
Fall Term Grades

Following are tentative grades for the first semester based on your performance so far. These are composed of class participation (approx. 2.4% of final course grade), homework (approx. 22.4% of final course grade), and one in-class test (13% of final course grade). This assumes there will be 21 total homework assignments for the year with 10 complete. Your final grade may differ, depending on your performance in the 2nd semester.
